**Caution**

- To obtain firmware update and customization information, the computer must be connected to the Internet.
- A TAMRON TAP-in Console is exclusive to a mount. Obtain the TAMRON TAP-in Console that is compatible with the lens you use. A TAMRON TAP-in Console of another mount cannot be used. Furthermore, it is not possible to use a mount adapter or similar device and connect a TAMRON TAP-in Console of another mount.
- When you use the TAMRON TAP-in Console, take sufficient care to place the lens in a stable location so that it does not tip over.
- Use the included USB cable. If another cable is used, trouble may occur.
- If the computer shuts off or the USB cable is pulled out while a lens is connected, the lens may malfunction and no longer be usable. When you use a laptop computer or other portable device, use it connected to a power source.
- The TAMRON TAP-in Console cannot be used with a smart phone.
